'DEATH TO THE WHITES'

The Motto of an Organization of Georgia Negroes.

FIVE OF THE BAND LEGALLY HANGED

Convicted of Murder Under an Alleged Criminal Conspiracy—Belonged to a Band Known as "Knights of the Archers."

Sylvania, Ga., June 14.—Arnold Augustus, Andrew Davis, Richard Sanders, William Hudson and Sam Baldwin, all negroes, were executed in the yard of the county jail of Screven county Friday afternoon.

The drop fell at 12:20. The necks of four were broken by the fall. The fifth died of strangulation. The negroes bore up well. They sang at the jail and afterwards marched between squads of soldiers to the scaffold. Here they made a short talk and received spiritual consolation. They then drank lemonade furnished by the sheriff and thanked him for his kindness to them. None of the negroes said he was innocent of the crime for which they met death.

These five negroes were convicted of a murder committed under an alleged criminal conspiracy by an organized band of blacks known as "Knights of the Archer." The motto of the organization, it is said, was "Death to the Whites."

The murder for which the men died was but the culmination of a long series of crimes. It is common report that the charter of this oath-bound organization was signed in blood, and the leader, Andrew McKinney, assembled his band only at night, when he swore them with awesome rites to secrecy and to deeds of death and robbery.

On a night in October, 1899, Milton Mears, a constable of Screven county, Fillmore Herrington and Captain Jesse Wade, started out from Sylvania to serve a warrant for the arrest of Joe Sanders, a young negro wanted for some trivial offense. No sooner had they reached his house than a fusillade began. From the cracks between the logs of the cabin and from a thicket of dwarf trees close by came the flash of rifles and shotguns and the three men fell desperately wounded. Captain Wade managed to crawl to his buggy and make his way to Sylvania, where he told of the shooting. Herrington and Mears were literally shot to pieces. The murderers escaped, but one after another of the five were arrested and placed in jail here. These men are the men who met death Friday.

The others, including McKinney, and the real leaders of the Knights of the Archer, successfully effected their escape and have never been captured.

Negro Murderer Hanged.

Brunswick, Ga., June 14.—Tricey Griffin, colored, was hanged here for the murder in October last of R. Marion Latimer, a passenger conductor on the Southern railway. The conductor was killed for ordering the negro to come inside the car from the platform while the train was in motion.

Grover Taking a Rest.

Winsted, Conn., June 14.—Former President Cleveland and his family are now domiciled in their summer residence at Tyrinham, in the Berkshire hills. Mr. and Mrs. Cleveland have just arrived at Riverside. Their children, Esther, who recently recovered from an attack of diphtheria, Ruth, Marion and Richard, accompanied by a nurse, are also here. Mr. and Mrs. Cleveland will occupy the room which was occupied by George Washington, after the battle of Saratoga. The chamber is locally known as Washington's room. The farmers here will extend an invitation to the ex-president to fish in their trout streams, whether posted or not.

Captain Sentenced.

Washington, June 14.—The loss of 10 numbers in his grade and reduction of his furlough pay for two years and to be publicly reprimanded, is the sentence imposed by courtmartial upon Captain Robert E. Impey, at present stationed at the Mare Island navy yard. The captain was charged with scandalous conduct in having represented to a dentist that his bill must be reduced, as it required the approval of the treasury officers, whereas this was purely a personal matter.

Mrs. McKinley Improving.

Washington, June 14.—Mrs. McKinley's physicians held their usual consultation and decided to discontinue the issuance of bulletins. It is said her condition continues to improve slowly. Should her condition grow worse the bulletins will be resumed.

J. C. Millenger, superintendent of Poston Coal company, dropped dead in the company's office at Nelsonville, O.

HAWAIIAN PATRIOTS.

Acts of Home Rule Party Ordered to Be Investigated.

Honolulu, June 7, via San Francisco, June 14.—Judge A. S. Humphreys, of circuit court has ordered the grand jury to investigate the acts of the Home Rule party... the purpose of ascertaining where their campaign funds came from and for what purpose they were spent. This action was taken as the result of the claim that the Home Rule members of the legislature partook of lunches at a well-known restaurant and permitted the owner of a street car line which was after a railway franchise to pay for the meals.

An attempt is being made by some of the Home Rule members to have the governor to grant a second extra session, or at least extend the present one, which is now drawing to a close. They assert that they desire to pass the loan bill, which is impossible at the present session, which was called for the sole purpose of passing the measure.

Kennedy Trial.

Kansas City, June 14.—The day's session in the Kennedy murder trial was opened by Prosecutor Hadley reading the instructions to the jury. Frank G. Johnson, former city police judge, then opened the argument for the state. He said the only question to be determined in considering the woman's guilt or innocence was whether she was sane or insane, whether she knew the difference between right and wrong. She had committed the murder for revenge and after having deliberated on it. After Kennedy had been forced by her father and brother to marry her she had been asked why she married him and had said, "I want my revenge." This because he intended soon to wed another girl. And yet, he said, her downfall could be laid to Case Patten, with whom, as was well known, she had kept company all last summer and as late as October, 1900. Attorney Johnson concluded: "I will say, gentlemen of the jury, there is evidence to find this defendant guilty of murder in the first degree." These last words, given in thundering tones, had no effect on Mrs. Kennedy, and a moment later when court took a recess until 1 o'clock she went to her cell laughing and chatting with the deputy who led her.

Report on Paris Exposition.

Washington, June 14.—Commissioner General Peck's report on the Paris exposition of 1900 has all been put into type at the government printing office, and the first volume is expected to come from the bindery soon. The report makes over 3,000 pages, divided into six volumes, and illustrated with 600 plates and 50 maps. The law required the report to be delivered to the president within four months after the close of the exposition. This brought the report to the last session of congress just before adjournment and too late to secure a joint resolution authorizing copies to be printed for general public distribution.

Lynching Threatened.

Fort Morgan, Col., June 14.—Three men named Harry Stimmington, Stacey and Givens, held in the county jail on a charge of burglary, with the aid of confederates on the outside sawed their way out near midnight. Stimmington had secured a revolver and ammunition. As they were leaving the jail they were discovered by Sheriff Calvert, who tried to stop them and was shot through the head by Stimmington. He will probably die. A posse recaptured Stacey and Givens, but Stimmington eluded his pursuers. Lynching is threatened if the man is caught.

Received By Loubet.

Paris, June 14.—D. B. Henderson, speaker of the United States house of representatives, who was received by President Loubet, came away with the best impressions of his visit. Mr. Henderson said: "The president received us most cordially. We felt as much at home as though calling on President McKinley. We found M. Loubet to be a man of charming manners and of simple democratic tastes. Our conversation, which lasted some time, convinced me that he is a high-minded patriot, devoting his efforts to the best interests of his country."

Traffic Delayed.

Marion, Ind., June 14.—The west-bound passenger train No. 21, on the Pennsylvania line ran into an open switch in the Marion yards, on which was standing one of the yard engines. The engines were demolished and Arthur Bridges, fireman of the yard engine, was badly burned on the body and arms, and badly bruised in the face. Traffic was delayed three hours.

Visited Kruger.

The Hague, June 14.—Mrs. Botha has arrived here and is domiciled at a hotel near Scheveningen. She visited Mr. Kruger Friday afternoon.

IN OFFICIAL QUARTERS

The Large Reduction of Forces in China Caused Surprise.

INDEMNITY MATTER IS UNSETTLED.

In the Event It Is Not Arranged by July 1 Several of the Governments Will Submit Additional Claims.

Washington, June 14.—The recent large reduction of the foreign forces in China caused surprise in official quarters, but this reduction is now accounted for by the terms on which the indemnity was made up. When each country put in the amount of its claim it included an estimate of the military expenses running up to July 1 next. This was with the idea that it will take until July 1 to settle the indemnities. With the indemnity settled, each government will pay its own expenses in China after July 1. There is a natural desire therefore to reduce the cost of military expenses within the period covered by the indemnity, and that has led to the evacuation now going on. In case the indemnity remains unsettled on July 1 several of the governments will submit additional claims covering their monthly expenses after that time. These amount to \$2,000,000 a month, according to the estimates of one of the governments, and in the aggregate they will reach \$10,000,000 for each month after July 1. It is expected that this will have a strong influence on the Chinese in bringing about a complete agreement before the close of this month.

The recent exchanges between the cabinets at Washington and other capitals has not resulted in any agreement on the question of indemnity, and the matter is now committed back to the ministers at Peking. Diplomatic officials who are taking part in the negotiations believe that July 1 marks the outside of the period in which the settlement will be finally effected. On this, the departure from Washington of some of the foreign representatives, which had been deferred on account of the negotiations, has now been definitely fixed for the end of this month.

A Test Case.

Cincinnati, June 14.—The general synod of the Reformed Presbyterians had quite a contest over a test case from the Fourth Reformed Presbyterian church of Philadelphia, over which Dr. David R. Steele is pastor. The Fourth church had a mission in West Philadelphia and desired to retain it as an annex. The mission in West Philadelphia desired an independent organization. The mission's application was refused by the Philadelphia presbytery and then the mission appealed to the general synod. Dr. Steele insisted the mission could file grievances or charges against the Philadelphia presbytery, but there was no right of such direct application to the general synod. After an animated debate the whole question was referred to the board of home missions, and Dr. Steele protested most vigorously.

Fun in Fitchburg.

Fitchburg, June 14.—The citizens of Fitchburg have not yet straightened out their faces after the hilarity of the Welesley circus, and a new sensation is to set the town astir. This time the Woman's club is to make things lively by taking charge of the running of the street cars of the city next Monday to raise \$10,000 or more to beautify the lot about the postoffice, remove certain houses, etc. Young society women and others prominent in club work are to act as collectors of fares and vendors of peanuts, popcorn and candy. Music will be provided by players on the banjo, mandolin and other instruments. Bulletins will announce "no change given."

Filipinos Surrender.

Manilla, June 14.—Colonel Bolanos, with five officers and 41 rifles, has surrendered at Lipa, Batangas province. The recent battle with the insurgents at Lipa, in which Lieutenant Springer was killed and Captain Wilhelm and Lieutenant Lee were mortally wounded, was begun by the Americans. The disproportionate number of officers hit is said to be chargeable to the fact that there were deserters from the American army with insurgents.

Town Sold.

Louisville, Ky., June 14.—It is said here that the town of Grand Rivers, Ky., which was promoted by eastern capitalists, one of whom was Thomas W. Lawson of Boston, has been transferred by a Boston firm to John W. Harrison and Edward Simmons of St. Louis for \$200,000. The promoters years ago are said to have invested \$2,000,000 in the town.

WORK OF THE FLAMES.

Twelve Persons Lose Their Lives. Much Damage to Property.

St. Petersburg, June 14.—A fire at the Galleys Island shipyards consumed the slips, the cruiser Witjas and other vessels, the government and other buildings, and a large stock of timber. The flames also leaped the Neva-Frontanka canal, destroying several military warehouses filled with supplies.

According to the Novoe Vremya, 12 persons lost their lives in the flames. The damage done amounts to 10,000,000 roubles.

Jubilee Convention.

Boston, June 14.—Speakers from various sections of the United States and one from Canada were introduced at the forenoon session of the Y. M. C. A. international jubilee convention. The third day was also occupied with sectional meetings, introducing addresses on physical and religious work, boys' department and railroad work, at the First Baptist church, and a reception by the Harvard Y. M. C. A. at Cambridge in the afternoon.

More Men Missing.

Port Royal, Pa., June 14.—Rumors are abroad that more men than the 18 first accounted for are burned in the Port Royal mine. The men from Smithton have been missing since the night of the explosion, and the story was circulated that the number of unknown victims would reach 30. A long time will be required to ascertain accurately the number of those entombed.

Will Secede.

New York, June 14.—The New York state division of the Century Road club of America has decided to secede from the national body. The action of the division is said to be the result of the attempt of the club to force the division to accept into membership a cyclist whose application had previously been rejected by the division. The division will continue its offices in this state under the name of the Century Road Club association of New York.

To Enjoin Strikers.

Cleveland, June 14.—The Cleveland Punch and Shear company commenced injunction proceedings against the striking machinists asking that the men be restrained from picketing the works of the company. The company in its petition avers that the union pickets have terrorized employees who wish to work. The case will be heard Tuesday.

Strike Probable.

Montreal, June 14.—It was stated that the grievance committee of the railway trackmen had reached the conclusion that an agreement with the Canadian Pacific Railroad company was impossible, and that an order had been sent out for a strike at 7 o'clock Monday morning. Two members of the committee have left Montreal.

Injunction Denied.

New York, June 14.—Vice Chancellor Stevens, sitting in Newark, denied the application for an injunction to restrain the Amalgamated Copper company from purchasing the Butte and Boston and the Boston and Montana companies. He also required the plaintiffs in the action to file bond of \$20,000 on appeal.

Held For Perjury.

Omaha, June 14.—County Judge Vinsonhaler passed upon the case of James Callahan, who had his preliminary examination before that court, on the charge of perjury committed in one of the Cudahy abduction cases. The court held Callahan for trial in the district court and fixed his bail at \$1,500.

Had Many Victims.

Fremont, O., June 14.—Warren Lovett, arrested at Macon, Ga., by the postal authorities for using the mails for fraudulent purposes, had a number of victims in Fremont. He secured goods from factories all over the country with no intention of paying for them.

Bondsmen Responsible.

St. Paul, June 14.—The supreme court affirmed the decision of the Ramsey county court holding former State Treasurer Bobleter and his bondsmen responsible for money of the state lost in defunct banks. The bondsmen are liable in the sum of \$400,000.

Cailles More Humble.

Manilla, June 14.—Cailles, the insurgent leader in Laguna province, has become more humble and now intimates his willingness to surrender a hundred guns to General Sumner at Santa Cruz and to give up the remainder in three days.

In a collision of freight and passenger trains at Williams, A. T., two firemen were killed and four other employees injured.

STRUCK ON A CROSSING

Four Occupants of a Double Carriage Instantly Killed.

TRAIN RUNNING AT HIGH SPEED.

Pilot of the Engine Broken by the Force of the Collision—The Victims of the Accident Terribly Mangled.

Flint, Mich., June 14.—The Pere Marquette train struck a double carriage at the Hamilton avenue crossing in the suburb of Oak Park and instantly killed four people.

The dead: Major George W. Buckingham, Flint; Miss Abbie Buckingham, Flint; Mrs. Thomas Applegate, Adrian; Mrs. William Humphrey, Adrian.

Several factory buildings adjoin the track at Hamilton avenue and prevent a clear view of the track. Major Buckingham drove directly in front of the train, which was traveling at high speed. The pilot of the engine was broken by the force of the collision and the bodies of two of the ladies, terribly mangled, were found on it. Engineer Wiggins says he had sounded the whistle for the crossing, and the first he knew of the carriage was when his engine struck it.

Mrs. Applegate and Mrs. Humphrey had been guests of Major Buckingham during the state G. A. R. encampment, which ended Thursday night.

Sultan's Authority Questioned.

San Francisco, June 14.—A special from Manila says: Prince Poniatowski of San Francisco, has procured from the sultan of Jolo an absolute concession for 50 years, ending with the year 1950, of the island of Paragauo. It is reported the prince has formed a \$10,000,000 company and is making arrangements for a most thorough exploiting of timber, mineral and pearl industries of the island and the development of its shipping. The representative of the prince here, John Anthony, presented documents to the Philippine commission and asked for an endorsement of the plan. As the question involves the agreement of General Bates with the sultan and also the validity of the sultan's jurisdiction and authority, it will probably be referred to Washington.

Went to Pieces.

St. Johns, N. F., June 14.—The Leyland line steamer Assyrian, ashore off Cape Race, went to pieces and is a total wreck. The after part of the vessel is under water and the hull is broken assunder. Owing to the fury of the gale and the tremendous sea, little of the cargo has thus far been salvaged. The tug Petrel, which was forced on the rocks while engaged in attempting to assist the Assyrian, has also become a total wreck. The crews of both vessels escaped to the shore.

Plumbers Win Strike.

Massillon, O., June 14.—The strike of the journeymen plumbers for a 9-hour work-day and a minimum wage of \$3, was settled. The employers agreed to concede the strikers' demands on condition that they work under present conditions until contracts on hand have been executed. It will be about August 1 before the new scale will go into effect.

Tossed High in Air.

Pittston, Pa., June 14.—An unknown woman had a remarkable escape from death on the Delaware, Lackawanna and Western railroad north of this city. While walking on the track she was struck by a fast express train. She was hurled high in the air and down an embankment, but got up and walked away as if nothing had happened.

The Dallas News points out that the Supreme Court of the United States has reversed itself in these cases:

1. It has decided (Darmouth College case) that a State charter is a contract which the State may not break, and later that a State may break it.
2. It has decided that Congress has exclusive authority to regulate commerce on all navigable waters, and later that it has not. Later yet, it has reversed that reversal and reaffirmed its first decision.
3. It has decided that stock certificates may not be issued under a State law, and later that they may.
4. It has decided that any State may prohibit the importation of alcoholic liquors, and later that no State may do so.
5. It has decided that Congress has no power to make paper money legal tender for debts incurred before its issue, and later that it has unlimited power to make paper legal tender in peace or war.
6. It has twice decided that an income tax is constitutional, and once—the last time—that it is not.

AFTER THE TAX DODGERS.

CHICAGO, June 13.—Action by the grand jury against tax-dodgers and those who have perjured themselves in the schedules of personal property filed is now being planned by the County Board of Assessors.

So willful has been the dishonesty displayed in hundreds of schedules that the members of the board have agreed that some steps must be taken at once to punish the perjurers. This applies especially to some of the richest and so-called prominent citizens of Chicago, who schedule only a small amount of personal property from their Chicago home, pleading that their residence was in some lake resort, where they spent their summers. In this way the millionaires of Chicago have helped to decrease the personal valuations, while the city and county governments are on the verge of bankruptcy owing to a lack of revenue caused by this very decrease in valuations.

There are some people who would allow the tax dodgers and perjurers to pursue the even tenor of their way. In the opinion of this class, it's a great outrage to molest the tax-shirkers. Chicago authorities are doing just what should be done elsewhere.

Women suffering from headache, backache, nervousness, sleeplessness, melancholy, fainting and dizzy spells will find it a priceless blessing. Try it. Satisfaction is guaranteed. Only 50c. at J. Jas. THE BEE HIVE

A New Couple in Town!

Married, at the Bee Hive, on February 25th, at 11:30 o'clock, MR. BIG BUSINESS to MISS LITTLE PROFIT.

THE MARRIAGE CONTRACT:

We the undersigned, in making our marriage vow, have decided that while we expect to derive much pleasure from our union we have not united for the sole purpose of selfishness, but to do something in this world to uplift some of the burdens that people of these days are laden. And we feel that we can do more good by uniting our efforts than by doing so alone. The people must be clothed, and we are going to do it cheaper than anyone else by doing a big business with little profits.

We do not unite to injure in any way Mr. High Price Merchant, and we will say that the people that have more money than they know what to do with can still buy the same goods that we sell at 30 per cent. more in price at Mr. High Price Merchant Store.

Let everybody unite in making this business big and we will do our share to make your merchandise cheap, and with this done we can say: "Marriage is not a failure."

COLORED HIGH SCHOOL.

The Year's Work Closed Last Evening With Exercises That Were Interesting and Entertaining.

The High School for colored people had its commencement exercises at the opera house last night. From the opening number until the closing, it could be plainly seen that a new era had dawned upon their education in this city. That the pupils were trained and trained well was to be seen on every hand. The precision with which they came to their work and the natural ease with which they comported themselves were not with the abandon of their native characteristics, but the evidence of receiving by precept and example that attention which only painstaking teachers can give.

It is no reflection on any one to say that their exercises were up to a very high standard, and a few words of commendation can only do them good.

The words of Mr. George T. Hunter, the President of our Board of Education, voiced the sentiment of the whole board when he remarked upon the very visible improvement in the school this year.

Prof. T. A. Reid has labored faithfully to make his work beneficial to his pupils and the town by doing everything possible to advance them, and it is a deserving honor to both the board and himself in that he has been re-elected for another year.

Dr. J. N. Offutt, of Frankfort, delivered the annual commencement address. With well chosen words he clearly and forcibly told his people their duty to themselves and the country in which they live. It should not fail to bring forth fruit.

William Brown and William Hinton were the two who successfully completed the course. It is hoped these young men will go into the work of building up their race.

BRILLIANT RECEPTION

In Honor of Miss Pugh, the Lovingly Sponsor for Maysville Commandery.

The Templar Asylum Presented an Inspiring Scene Last Evening—An Event in Social Circles.

An event forming a conspicuous chapter in the history of Maysville's social world and a most pleasant memory to those who were fortunate enough to be participants, was the reception and dance given last night by Maysville Commandery No. 10, K. T., in honor of Miss Beulah Louise Pugh, the lovely sponsor for the commandery at the Triennial Conclave of the commanderies of the United States, to be held in Louisville in August next.

The reception was given in the elegant asylum of the order in Masonic Temple, the rooms of the other Masonic bodies being also thrown open. The whole space was most extensively and tastefully decorated with rare plants and exquisite flowers. Thronged with beautiful women, elegantly gowned, and with handsome men paying devoted homage at beauty's shrine, rarely has the asylum ever presented a more inspiring scene.

Shortly after nine o'clock the guests were formed in column to be presented, in turn, to the guest of honor, who stood at the east end of the main room of the suite, surrounded by those assisting her and immediately in front of a bank of ferns and palms, behind which was stationed the Maysville Orchestra, almost completely hidden from view.

The following were the ladies in the receiving party and the costumes worn: Miss Pugh; exquisitely gowned in a toilet of sea-foam green satin, trimmed in applique, natural flowers.

Mrs. Clarence Mathews; in a handsome costume of French lawn, trimmed in Honiton lace.

Mrs. Gordon Smoot; a charming gown of pink organdie trimmed in Mechlin lace.

Mrs. A. E. Cole; white Persian lawn, trimmed in lace.

Eminent Commander Wm. Trouts, Jr., and Sir Knights Clarence Mathews, Dr. P. G. Smoot and Judge A. E. Cole completed the group.

After the reception came the dance, which, with an intermission at midnight for refreshments, served in the banquet hall, lasted until 3 o'clock this morning.

Miss Pugh is a daughter of ex-Congressman Samuel J. Pugh, of this district, whose home is at Vanceburg. While her visits to Maysville have not been frequent nor of long duration, yet her own winsome manner and captivating beauty, coupled with her father's popularity and prestige, have won her a host of admirers among our people. She has been for several days the charming guest of Postmaster and Mrs. Clarence Mathews.

\$5,000 For Twenty Words.

One day Andrew Carnegie at Pittsburgh called up one of his New York lawyers by long distance telephone.

The steelmaker wanted to ask a question, but could not make himself understood clearly over the telephone, so he asked the lawyer to come to Pittsburgh.

The lawyer said he had an important appointment in New York next day and could not get away.

"Come over now, then," Mr. Carnegie said.

"Can't get train," answered the lawyer.

"Hire a special," was the answer which came back from Pittsburgh.

So the lawyer engaged a special train, went to Pittsburgh and saw Mr. Carnegie.

The steelmaker asked the lawyer's advice as to whether the question troubling him called for "yes" or "no."

The lawyer answered, "No."

"Thank you," said Mr. Carnegie.

"Good night."

The lawyer had said less than 20 words, for which he received \$5,000, said "Good night, Mr. Carnegie," and took a special train back to New York in time to keep his appointment next day.—New York Herald.

The Old Time Doctor.

"When I was a young fellow," said the man who notices things, "the family physician attended to all the ills of the family, and the specialists of the profession were wholly unknown. The country doctor was a surgeon as well as a physician. He was almost always clever and usually had remedies of his own invention for common ailments. A large number of the successful patent medicines now before the public are prescriptions of the old time country physician. I could name a dozen such.

"Old Dr. Hill, who was the leader in the town I grew up in, was called into the country by an urgent message one night. He wasn't advised what the patient was suffering from and upon arrival found it was an ulcerated tooth that was subjecting its owner to almost unbearable pain. Not a surgical instrument did the doctor have with him, and his office was seven miles away. Did he send back for his instruments? Not much! He extracted that tooth with an ordinary hammer and nail to the complete satisfaction of his patient and himself. I'll wager he made a mighty good job of it too."—New York Tribune.

She Couldn't Stand It.

"No," said the beautiful actress; "I cannot be your wife. I love you dearly, Mr. Frost, and if you had any other name I would be glad to go through life sharing your joys and sorrows."

"But," he protested, "my name should not stand in the way. What is it Shakespeare says? 'A rose by any other name would smell as sweet.' What is the matter with my name? Does history record a single dark or unworthy deed committed by a Frost? No. Ah, darling, say you will make me the happiest man on earth!"

"No, no! I cannot! I cannot!" she moaned. "Why, if I were to marry you every newspaper paragraph in the country would have something to say next morning about 'the Frost Miss Darlington received at yesterday's performance.'"

At Coyle, O. T. safe-blowers dynamited the Santa Fe railroad safe, securing \$1,500 and escaping with their booty.

Curious Picture Frames.

In many churches of Provence and Italy, especially those near the sea, ex voto paintings placed on the walls in accordance with vows made by pilgrims in moments of danger are often remarkable for their frames. Among the curiosities may be enumerated laths formed of splinters from ships that have been wrecked; also frames made of pieces of heavy cables, occasionally painted bright hues, but sometimes left in their primitive gray color and splashed with tar. Nailed to the laths surrounding a painting representing sailors fighting with fierce savages may be seen African or Polynesian spears and darts or swords made of hard wood, evidently mementos of terrific struggles. Sailors or landmen who have made vows during times of peril at sea and who have no trophies to display will surround their paintings with broad bands of wood heavily incrustured with shells and seaweed, not infrequently of rare and extremely beautiful kinds.—London People's Friend.

Gave a Beer Party.

Springfield, O., June 14.—Will Jagoe is under arrest for stealing about \$20 from his father, Tom Jagoe, who drew his pension money. The boy gave a beer party to 12 comrades, but when searched no money was found on him. The father says he will not prosecute his son, but wants to simply know if all his pension was spent for liquor.

To Prevent Trouble.

Portland, Me., June 14.—A squad of policemen has been sent from the central station here to prevent threatened trouble between the striking trainmen and the men brought here to take their places at the Maine Central yards.

Postoffice Robbed.

Huntsville, Tenn., June 14.—The postoffice here was robbed by two men, who secured \$100 in cash. A large posse is out hunting the robbers, having tracked them two miles toward Helenwood.

WISER COUNSELS PREVAIL

And Suspects Arrested in Foster Murder Case Still Live.

Shreveport, La., June 14.—At 1 p. m., everything was quiet at the scene of the murder of young Foster, and it is now stated that the enraged citizens at that point have listened to wiser counsels and concluded to lynch none of the suspects. They, however, express their determination to put the murderer, Edwards, to death as soon as captured.

Four of the negroes who were returned to Kinnebrew's last night, "Prophet" Smith, McLane, Phyllis Hamilton and Maudy Edwards, the wife of the murderer, were safely landed in the Benton jail at daylight.
